An old saying is that "there is no fool like an old fool". When one has lived to be old, has had many and varied experiences and yet seem as wanting in discretion as they were when they were young, it brings to mind the question, "was such a life worth living?"

Now, the next thing I write will not at all indicate who I had in mind, but really and truly we do see about us in every-day life men and women who do not grow old gracefully.

Quite a number of people were taken with pains in their sides and took to bed and gave up work last week; no one seems to know what the trouble is, but strong and healthy men are included in the number so affected.

Quite a number of babies were ill with what is commonly called "summer-time disease," and Frank Shoemaker lost his baby.

A negro named Phil Spratley, living near the New Store, was brought here Thursday of last week on a charge of being of unsound mind. Doctors Tucker and Morris and Justice of Peace Haskins formed the commission of lunacy and the negro was ordered sent to the Central State Hospital at Petersburg.

The wheat crops are turning out splendidly and we hear of yields of 30 bushels to the acre crop through.

Mr. Stinson is putting the capstones on the wall around the courthouse.

Mrs. Lelia Fredericks, of Florida, is visiting at the home of Mrs. Sue Spencer here.

Mrs. C. L. Hare, of Auburn, Ala., is spending some time at "Variety Shade," her old home, and has her four children with her.

An inquiry by phone after the present state of health of Mr. Wm. P. Ellis and Judge A. S. Hall found them not feeling at all well.

Farmers in the West continue to glut the market with hog meat and it has declined 5 cents in the pound and is now retailing at 33 cents. The western men say it takes 14 bushels of corn to produce 100 pounds of meat; that they can sell 14 bushels of corn for $35 and the 100 pounds of meat only nets them $14.

Special services begin at Mayville Presbyterian church here on Sunday and will probably last through the week.

I have a magnificent field of peas in front of my house that have been plowed twice, and the working women are speaking now for a chance to gather them on shares.

Every man I have seen with an early crop of tobacco is saving the primings, hoping they will sell well like they did last year.

The Irish potato crop is good and they are selling for $3 a barrel for best ones.

With the advance in price of everything, an advance in rates paid by banks on deposits has never come, and most banks just pay the same old three per cent.

"Make hay while the sun shines" is an old adage. And the sun shone beautifully most of the time last week.

There was a grand rally here on Saturday in the interest of the movement to have a park on the land adjacent to the spot where General R. E. Lee had his last camp after the surrender at Appomattox. Mr. R. C. Stearnes, Hon. E. W. Hubard, Mr. W. J. Hubard and several other speakers entertained the audience; there was dinner on the grounds in picnic style; the ladies sold refreshments, and there was a play at night and this added to the sum realized for the park fund. The ladies behind this move to build a park know no such word as failure.

The cattle market is very uncertain and no buyers have come on the local market. The price of green hides has dropped to 9 cents a pound and they were as high as 32 cents at one time. And now the question arises, Why are shoes selling at such prices?

One man here made an estimate of how much wool it would take to pay for an all-wool suit of clothes at present prices and he said it would take 30 pounds, whereas the suit would not weigh over 3 or 4 pounds.

Forest View

Threshing wheat in this vicinity is about over and the yield was fairly good

Children's Theology.

A little girl explained God's omnipresence by saying that he was everywhere without going there. A small boy, reflecting on the misdeeds of Satan, remarked: "I don't see how he ever got to be so bad when he had no devil to put him up to it."

Woodsman, Spare That Tree

Woodsman, spare that tree,
Cut all the others around;
It has been a joy to me
And musn't be cut down.

Clean up the rubbish all around,
It will faster grow;
It's rooting deeper in the ground,
It will make a better show.

Pick up the hoe and spade
And cast up a little mound,
It will make a better shade
With its branches spreading round.

See how erect and nobly it stands,
It makes a beautiful tree;
I have pruned it with these hands—
Now spare it for me.

How often beneath its shade I've sheltered
When my day's work was done;
Now, woodsman, spare that tree,
It's sheltered my head from the sun.

Now it stands a giant tree,
Standing all alone;
It has been a great comfort to me,
It will shade others when I am gone.

A Moonlight Serenade

"Come, dearest, the day light is gone",
The moon is shining so bright,
I am here all alone
To serenade thee tonight.

Awake, dearest, from thy sleeping
And listen to my guitar,
I alone thy watch am keeping
While my music is in the air.

The Nightingale is sweetly singing,
His voice is in full tune,
Listen to my guitar ringing,
I'm playing by the light of the moon.

In the East I see the grey.
A lark is soaring high,
I can no longer stay.
So must bid you goodbye.

X

Her Cordial Indorsement.

Elva was left alone with grandma for the day. An aunt, upon her return, said, "Did you have a nice day, Elva?" "O, yes," she replied. "I had a fine day—grandma just minded me perfectly."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Tractor Don'ts For The Owner

Don't throw the clutch in with a slam. Use judgment; it will wear longer and much annoyance will be avoided.

Don't jar or hammer near the magneto if you can avoid it.

Don't expect the motor to shoot on all cylinders if you don't keep the spark plugs in good order.

Don't tolerate any loose wires or poorly made connections. Fix them at once.

Don't tolerate loose bolts. Always keep your tractor in trim at all times.

Grease is cheaper than repairs and the time required to replace broken parts.

Don't use a file too freely on contact points in breaker box if you expect them to last; just file enough to clean and to smooth them.

Don't forget to use a little kerosene on the valve stems occasionally. This will cut out the gum and carbon, and will make your valves work freely.

Gossip and Criticism Are Foes to Rural Progress

Always visit the sick, be solicitous in inquiring about them and let the family know they can depend on you for help, if it is necessary.

Encourage every good cause developed in the neighborhood, not only by lending your presence, but aid in promoting it in every way. Never discourage improvements; remember gossip and criticism are foes to progress. Be sociable, do not wonder why other people are not more neighborly, but learn to converse on pleasant subjects; talk about everything interesting except your neighbors, that is unless you have something complimentary to say about them.

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work.

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

Added 50%
To Tire Mileage

A Boston tire dealer, for three years, has gathered data on Miller Tires. And he reports as follows:

Users find their tire mileage increased from 50 per cent to 75 per cent.

Blow-outs have been eliminated.

Uniform mileage has been accomplished.

Only six tires in 1,000 come back for adjustment—only five Miller Cords in a year.

A Louisville dealer compared wear and mileage on 116 styles of tires which he repaired. The constant Miller supremacy has caused him now to handle the Miller Tires only.

A California stage line made million-mile comparisons with 21 leading makes. And the Miller won by long odds.

You owe yourself a comparison on your own car. The Miller is the tire of the day.

In Buying Vehicles there are Some things you should consider

No one can tell what kind of material is in a buggy after it is painted. You will have to depend largely on the reputation of the house you deal with. What a guarantee is worth depends on who the guarantor is. Deal with the man you have confidence in and with whom you can talk FACE to FACE

We now have the best stock on hand we have ever carried. Others are buying, why not you? A good buggy is an asset, not a liability, on every farm. Do not be a spendthrift, but be a THRIFTY SPENDER. Wise buying will save the individual, as well as the nation, from going against the rocks
